

Japanese Certification Label

According to Japanese regulations, each certified equipment must be affixed with a certification label in addition to Ex marking label. The label needs to be as specified by the regulation as described below:

- The label must be in square shape.
- The label must be made of metal or other durable material.
- The dimensions of the label must be as shown in the table below.
- The background color must be black.
- The letters, lines and borders must be in yellow or pale yellow.

The label needs to contain following information:

- Date of issue of the certificate as "労 (year, month) 検"
- Certificate Number
- Name of certificate holder it has to match with the certificate.

Dimensions of the certification label

Size Option	L (cm)	l (cm)
1	1.3	0.1
2	2.0	0.1
3	3.2	0.2
4	5.0	0.2
5	8.0	0.3
